Feta Kuci-Irfan Shaska Monthly Activity Report, 15 April-14 May 1954

REF: SGAA-9792, 28 April 1954

Headquarters' Action Required

None, for information and files.

1. During this report period, both men have remained in custody at the Glyfada detention house.

2. On 13 May 1954, [] interrogated both men briefly at the detention house. Shaska, who had admitted on 16 April that the original escape story was not true, stated that he had lied because he feared he would be turned back to the Albanian authorities. (The original escape story concerns a plan to print an anti-Communist leaflet on the anniversary of Stalin's death. Both Shaska and Kuci fled the country to avoid arrest when their plan was discovered by the Albanian authorities. The second escape story involves a theft and sale of government property. Both Shaska and Kuci escaped to Greece to avoid arrest when the theft was discovered.) It is intended to LCFLUTTER Shaska as soon as the services of an LCFLUTTER operator can be made available.

3. On the same day, Kuci was interrogated separately. (Shaska and Kuci are kept in separate cells and supposedly do not know where the other is being held.) Kuci, who had been LCFLUTTERED on 5 April on the original escape story, admitted voluntarily that it was a lie and gave the same reason as Shaska for lying. Kuci stated he was prepared to answer all questions truthfully, but there are indications that he is withholding information and/or lying; several of his answers conflict with information obtained during the interrogations of Shaska and Mehmet Kuci. Following the Shaska LCFLUTTER to determine the veracity of the second escape story, Kuci will be interrogated further and LCFLUTTERED again.
